I am still waiting for the information from the RCRA guys regarding the status of the two closed storage units relative to previous RCRA closure documentation, and whether additional work is needed for the units to be considered "clean closed". I can't respond to all of the items on the Letter until I understand the RCRA CA issue, since I can not afford to respond twice (\$\$\$). I sent an e-mail to Mark Latham and David Ringquist week before last, but have not heard back from either. I am aware that we are now beyond the response deadline stated in the Letter. The financial assurance issue is obviously a significant one, and Ed needs to understand what the target is before we commit to expending any of the very limited resources available.

Jim

Good morning Jim,

Would it be possible for you to let Gene and I know the status of the responses to EPA and CT DEP's Dec. 4, 2008 letter regarding 80 Wampus Lane, Milford, CT and a timeframe by which Wampus Milford Associates will provide the responses to EPA and CT DEP?

Thank you,

Stephanie,
